GCPCA Overview

What is it and Who Needs to Comply

Gag Clause – Attestation Requirements

Purpose: Prohibiting health plans from entering contracts with TPAs, insurance carriers, network and service providers or others that inhibit a plan's right to know cost or quality of care information.

When: December 31, 2025, reporting for 2025 calendar year.

What must the plan attest to:

1. Restrictions on the disclosure of provider-specific cost or quality of care information or data to referring providers, the plan sponsor, participants, beneficiaries, or enrollees, or individuals eligible to become participants, beneficiaries, or enrollees of the plan or coverage;
2. Restrictions on electronic access to de-identified claims and encounter information or data for each participant, beneficiary, or enrollee upon request, and
3. Restrictions on sharing information or data described in (1) and (2), or directing that such information or data be shared, with a business associate, as defined in 45 CFR 160.103, consistent with applicable privacy regulations.

How is the attestation submitted?

Via the HIOS site [Gag Clause Attestation | Welcome! \(cms.gov\)](#)

Action Item: Confirm if your medical insurance carrier, medical TPA, PBM, network provider and/or other vendor will file the gag attestation on behalf of your group health plan or if you will have to report on behalf of your plan.

Gag Clause – Attestation Requirements

Which plans are required to comply with the attestation requirements?

Entities Required to Attest	Entities Exempt from the Attest
• Individual health insurance • Fully insured group health insurance plans (carrier is usually the reporting entity for all group health plans including grandfathered plans) • Self-insured and level funded group health plans (including MEC plans) sponsored by: • Church plans (governed by the IRC) • Grandfathered plans • Non-federal governmental plans sponsored by state and local governments • Tribal Plans that qualify as ERISA plans or state or local government plans	• HRAs, ICHRAs • Group health plans offering excepted benefits including: • Hospital indemnity or other fixed indemnity plans • Disease specific insurance • Dental, vision and Long-term care • Short-term duration insurance • Medicare and Medicaid plans • Basic Health Program Plans

Gag Clause – NEW Attestation Requirements

Attestation will require plan sponsors to certify that their contracts do not include any of the following provisions (per Tri-Agency Guidance, FAQ 69):

1. Downstream Agreements that limit a plan's access to information: A subcontractor of a vendor rendering services to the plan sponsor may not limit or restrict access or disclosure of de-identified information.
2. Restrictions on sharing de-identified claims data with a business associate: The plan's ability to share de-identified claims data is left to the discretion of the health care provider, network, TPA, association of providers, or other vendor offering access to a network of providers.
3. Restrictions on the Access to De-Identified Claims and Information, or Data, as Part of a Claims Audit or Review. Plan sponsors must ensure that their service agreements do not:
 - Limit access to a statistically significant or the "minimum necessary" number of de-identified claims;
 - Limit the scope of access to the data for specific, narrow purposes (such as limiting access solely to the context of an audit);
 - Unreasonably limiting the frequency of claims reviews (e.g., no more than once per year);
 - Limit the number and types of de-identified claims that a plan or issuer may access;
 - Restrict the data elements of a de-identified claim that a plan or issuer may access; and
 - Provide access to de-identified claims data only on the TPA's or service provider's physical premises.

Gag Clause – Attestation NEW Requirements

- Plan sponsors are still required to complete the Gag Clause Attestation if one or more contracts include a Gag Clause.
- In Section 3 of the attestation, “**Responsible Entity’s Details**”, the attester must complete the **Additional Information** box and include the following information:
 - Any prohibited gag clauses that a service provider has refused to remove;
 - The name of the TPA or service provider with which the plan has the agreement containing the prohibited gag clause;
 - Conduct by the TPA or service provider that shows the service provider interprets the agreement to contain a prohibited gag clause;
 - Information that shows that the plan sponsor requested that the prohibited gag clause be removed from the agreement; and
 - Any other steps the plan has taken to come into compliance with the elimination of gag clauses.
- Be succinct as the text box only supports 1000 characters.

Gag Clause – Next Steps

What does this mean if GHP is Fully Insured vs. Self Funded/Level Funded?

Fully Insured	Self Funded / Level Funded / ASO
• Carriers will usually attest on behalf of the fully insured group health plans. • If the carrier attests on behalf of all programs, no action is required.	• Confirm if TPA, PBM, and other service providers will submit an attestation on behalf of the group health plans. • Complete the intake form and submit it by the deadline established by the vendor (if applicable). <i>Failure to submit the intake form by the scheduled due date will require the employer/plan sponsor to submit the attestation on their plan's behalf.</i> • If all vendors are attesting on behalf of the group health plans, no action is required.
• If the insured carrier will not report on your behalf, the employer/plan sponsor will be responsible for submitting the attestation no later than December 31, 2025.	• If TPA/PBM/vendor will not attest on the GHP's behalf, the employer/plan sponsor will be responsible for submitting the attestation no later than December 31, 2025.
